PROJECTS

Responsive Personal Portfolio Website

HTML5 · CSS3 · JavaScript

- Built a fully responsive personal portfolio from scratch to present skills, education and project work to recruiters.
- Used vanilla JavaScript for interactive elements such as smooth-scroll navigation, a working contact form and animated section transitions.
- Applied CSS Flexbox and Grid for a mobile-first layout, ensuring consistent display across screen sizes.

Student Task & To-Do Manager

Django · HTML5 · CSS3 · JavaScript

- Developed a full-stack task management web app with user registration/login, task creation, editing, and completion tracking.
- Handled backend logic, models and database operations using Django, paired with a custom-coded (non-framework) frontend.
- Organized the codebase with reusable templates and structured static files for easy maintenance and scalability.

STRENGTHS

- Quick learner, currently upskilling in React.js
- Strong grasp of front-end fundamentals
- Comfortable with version control (Git/GitHub)
- Disciplined and available to start immediately
